10PPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My compounded prescriptions from Madison  
Pharmacy Associates Inc. have served me very  
well in the last few years. The prescription has alleviated  
symptoms such as hot flashes, mild depression  
& irritability. This particular prescription I use  
is not available in most local pharmacies or any  
commercial pharmaceutical manufacturers.  
The prescription I use is a compounded natural  
hormone that surprisingly have no ~~any~~ side effects.  
I have been extremely pleased and would  
not want to substitute the medication for  
a less effective one.
